

AGRICULTURE

High School to College and Career Pathways

AGRICULTURE

Agricultural Education prepares students for employment and/or continuing education opportunities in agriculture through technical instruction in the classroom, experiential education through the laboratory and Supervised Agricultural Experience Program (SAEP), and leadership and personal development through the FFA.

NATURAL RESOURCES SCIENCE & MANAGEMENT:

Workforce Trends

Utah has a wealth of natural resources, which includes five national parks, seven national monuments, seven national forests, two national recreation areas, 45 state parks, and millions of acres of Bureau of Land Management (BLM)-administered deserts and range land. With the multitude of natural resources in Utah there are a vast amount of career opportunities within eight federal and state divisions.

Get the Facts

There are 600 bison that roam on Antelope Island State Park, the largest island in the Great Salt Lake; the island herd is the second oldest privately held herd in the United States. Today, the bison on the island are among the most sought-after bison in the country.

Beyond High School

There are a number of options for education and training beyond high school, depending on your career goals.
